Consultancy Opportunity: Misreporting Study of the PNA Purse Seine and Longline Fishery

The Parties to the Nauru Agreement Office (PNAO) is seeking to hire a suitable consultant to conduct a study on misreporting in the purse seine and longline fishery in PNA waters. The work includes:

- a) Conducting an analysis on the misreporting element of the Illegal, Unreported and Unregulated (IUU) quantification report in PNA waters.
- b) Conducting an analysis to ensure that the risk associated with misreporting is understood by undertaking comparison inside the PNA EEZs, the high seas and by PNA fleets.
- c) Providing guidance on where to appropriately apply MSC efforts to address misreporting in PNA waters.
- d) Liaising with the PNA Office on a rigorous schedule of work to be carried out.
- e) Such other tasks as may be agreed between the Consultant and the PNAO CEO.

Essential Requirements:

- Tertiary qualifications required in fisheries management, or a relevant discipline from a recognised institution.
- Must be highly computer literate.
- Must have proven experience and ability to communicate effectively.
- Effective communication and interpersonal skills in English including ability to read and write at a professional level in English.
- Must have detailed knowledge of PNA measures and economics processes.
- Must have experience and detailed understanding of the tuna fishing industry and its operations and compliance issues in the PNA.
- Minimum five years of work experience in tuna fishery policy or management field.
- Team player and builder.

The position is open to anyone, but preference is given to PNA nationals.

**Apply now by
Submitting a letter of interest to the CEO and a brief CV to jobs@pnatuna.com.**

All applications must be submitted electronically. Manual applications will not be accepted.

Closing date to submit applications is Wednesday, 31 July 2024.
