- 2.2 Through this Management Scheme, the Parties shall seek to limit the level of fishing by purse seine vessels in their EEZs to the levels of total allowable effort agreed by the Parties to the Palau Arrangement.

## **Establishment of a VDS Committee**

2.3 Oversight of the Management Scheme will be the responsibility of a Vessel Day Scheme Committee (VDSC) comprising a nominee of each of the Parties to the Palau Arrangement. The VDSC will be a sub-committee of the Palau Arrangement Parties and be subject to their absolute control. The VDSC will meet as required and be subject to the following general procedures:

- i) The VDSC will appoint a Chair and vice Chair for a period of no more than 3 years. At the end of the Chair's term the vice Chair will assume the Chair's role. Initial and ongoing appointments will be made in a manner that provides for the terms of the Chair and vice Chair to be staggered to provide continuity of experience.
- ii) The VDSC may consider, discuss and make recommendation to any meeting of the Parties to the Palau Arrangement on any matter related to the administration of the VDS, and make decisions on matters delegated to them by the Parties to the Palau Arrangement.

### *Meeting procedures*

- iii) The committee can adopt meeting procedures as it sees fit from time to time bearing in mind that in establishing the VDSC it is the intention of the Parties to the Palau Arrangement that it operate in a manner that is as informal as is practical in order to conduct its business efficiently. In the event of any dispute over meeting procedures and in the absence of any otherwise agreed meeting procedures the meeting procedures that apply to the meetings of the Parties to the Nauru Agreement will apply. The CEO, as Administrator, will maintain a record of meeting procedures as agreed to from time to time.

### *Observers*

- iv) Observer status will only be granted to government officials representing members of the Forum Fisheries Agency. Any member wishing to attend as an observer will provide advice to the Chair of their intention to attend any meeting. As meetings of the VDSC will be informal and may be called at short notice, there may be no general notice of intended meetings to observers.

### *Guests*

- v) Any other person may be invited by the VDSC to attend certain sessions of the VDSC as a guest, on an agenda item by agenda item basis.

### *Confidentiality*

- vi) Other than for the purposes of official reporting within government, observers and guests shall be bound to keep any matter discussed by the VDSC confidential other than where agreed on a case by case basis by the Chair.

### *Meeting agenda and record*

- vii) An agenda shall be prepared for each meeting. A record of each meeting shall be kept by the CEO and cleared by the VDSC before it concludes any meeting. The record shall be brief and only record the broad points of discussion by the VDSC, along with any viewpoint expressly requested by any VDSC member to be formally recorded and the precise outcome of any discussions whether they be in the form of a recommendation to a meeting of the Parties to the Palau Arrangement, or a decision.

## **Annual meeting of Parties to the Palau Arrangement**

2.4 The annual meeting of the Parties to the Palau Arrangement will consider matters relating to the administration of this Management Scheme. In particular, but without limiting the matters the meeting can consider, it will be a function of the annual meeting to:

- i) Consider any matter referred to it for decision by the VDSC.
- ii) Receive a briefing from the CEO on catch and effort levels and any observed or potential increase in average effective fishing effort for each fishing day since the introduction of the Management Scheme (effort creep):
  - a. In respect of any observed effort creep the Parties shall take the necessary management action to ensure such effort creep is not detrimental to the fishery.
  - b. Options for management action by the Parties shall include controls on vessel length, vessel capacity, well size, the use of fish aggregating devices or any other necessary measure.
- iii) Receive a briefing from the CEO on any transfer of fishing days between Parties. In respect of any deliberation on this matter the Parties will take into account the need to ensure that such transfers are not detrimental to the fishery, this Management Scheme, or its objectives.
- iv) Set the TAE in accordance with the provisions of this Management Scheme.
- v) Consider the need to establish procedures to consult with distant water fishing nations, fishing parties, fishing organizations, and other relevant organizations and provide direction to the CEO in that respect.
- vi) Determine controls on high seas fishing to be applied to fishing parties operating under this Management Scheme or other arrangements, treaties or agreements.
